Republican Ticket.

Justice of the Supreme Court, ROBERT VON MOSCHIZSKER, of Philadelphia. Auditor General, A. E. SISSON, of Erie. State Treasurer, JEREMIAH A. STOVER, of Lancaster. Associate Judge, SAMUEL AUL, Jenks Twp. District Attorney, M. A. CARRINGER, Tionesta Boro. Coroner,

To vote a straight party ticket and at the same time vote for or against the proposed constitutional amendments at the coming November election it will be necessary for the voter to mark his ballot twelve times. One mark will be required in the square opposite the party name for a straight vote for all the candidates of that party, and as there are ten amendments and a schedule, eleven more marks will be necessary.

The Philadelphia Record gave some Philadelphia a scare the other day when it published an extract from the newly codified penal laws of the United States intended to show that any person drawing a check in payment of an account of less than \$1 was subject to a fine of \$500 and imprisonment for six months. The Treasury Department says that the construction put upon the statute was mistaken, since the prohibition was not against checks on a bank deposit, but against checks and tokens intended for circulation as currency.

On the subject of comets we feel reassured by this bit of information from the astronomical expert of the Punxy Spirit: Frank E. Seagrave, a Providence, Rhode Island, astronomer, figures that, on May 19, 1910, Halley's comet will be on the same plane as the earth in its orbit. It is thereby determined that the tail of the comet will sweep across this plane, instead of clearing it. The earth and comet will meet on the same plane, but not on the same path, and there will be a distance of 13,000,000 miles between the two. Halley's comet has been frightening people for the past five thousand years, and it is likely to continue to terrify the superstitious for many centuries to come. Even now there are grave predictions that the earth is likely to be destroyed by this celestial tramp. But it is a wicked old world, anyhow, and perhaps deserves to be destroyed. The comet may now be seen with a strong telescope in the upper part of the constellation of Orion. This is its first visit since 1835, consequently only a few of us have seen it.

SEVERAL large classes of students are about to be enrolled in the Philadelphia School for Nurses, who will, doubtless, witness the extension of the work of the institution in accordance with plans now developing as a result of the recent New England conferences. A large number of free two year scholarships are available to young women living throughout the entire country, preference being given to those from the smaller towns and cities, and the rural districts. These scholarships include room, board, laundering, uniforms, all necessary instruction, and railroad fare paid to the student's home town upon the completion of the course. A preparatory home study course and a short resident course are also available to those who desire to quickly prepare themselves for self-support, but are unable to devote two years to study. Any reader of this paper who may be interested in the general subject can, by addressing the school at 2219 Chestnut Street, Philadelphia, Pa., get full details of the work, and the scholarships now available.

A Vote of Confidence.

If Pennsylvania ever had a Congressional delegation that deserved a vote of confidence from the people it is the Republican Senators and Representatives who fought the Keystone State's battle for protection in the enactment of the Payne Tariff Law. From the day work on that measure began until the President signed it, Senators Penrose and Olliver and the twenty-seven Republican members of the House fought for the sort of tariff revision the Keystone State demanded. This was the revision that has opened idle mills and is protecting the well-paid wage earners of this country from the miserably paid wage earners abroad. They refused to compromise with the "progressive" statesmanship that sought to destroy the protective system by the enactment of Democratic tariff revision, and they have earned the gratitude of every man, woman and child in this State. The new tariff law will enable Pennsylvania to maintain her industrial supremacy and the welfare of all of her people will be advanced. The rising tide of prosperity has reached every industry. In this prosperity the farmer and business man, and, in fact, all classes will share. The Republicans whom the Keystone State sent to the Sixty-first Congress performed splendidly. The wage earners of Pennsylvania are

grateful, as they ought to be. Many of their organizations have adopted strong resolutions commending the public service of the Pennsylvania Republicans at Washington in their behalf. These resolutions are highly appropriate. But it will not be necessary for all the wage earners in Pennsylvania to express their gratitude that way. There is an even more effective way they can do this. By voting the Republican ticket they will record in the most emphatic manner possible their gratitude for what has been done for them. The election in November will be the first election since the enactment of the Payne law. Every voter in Pennsylvania who believes in the protective tariff system should vote the Republican ticket at that election. An unprecedented Republican majority in the Keystone State this year will be a ringing endorsement for the men who in the Sixty-first Congress served Pennsylvania so well. That they deserve such an endorsement is conceded by every fair-minded man.

BIG DIAMOND ROBBERY

Jewels Worth Thousands Stolen From Pittsburg Woman's Home. Pittsburg, Oct. 5.—A detective agency announced that the home of Mrs. Henry R. Rea, a niece of United States Senator George T. Oliver, has been robbed of diamonds within the last few days to the value of perhaps \$40,000. The Rea family, however, assert that the missing jewels were not worth more than \$15,000. The Rea home is in Sewickley Heights, the fashionable suburb of Pittsburgh. The detectives say that some nights ago Mrs. Rea attended a reception. When she came home about midnight her maid assisted her in disrobing. Both recollect distinctly removing the diamonds and jewels and placing them in cases which stood on Mrs. Rea's dressing table. In the morning the jewels were gone. The detectives find evidence that a buggy was driven to a lane back of the Rea residence, which stands by itself on a high hill, and from there the thieves evidently climbed in through upper windows and looted the sleeping rooms. A large reward has been offered for the return of part of the jewels, as they had been in the family for many generations. One of the brooches stolen was a present to Mrs. Rea from Senator Oliver.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills are the best. Very Low One Cent Rates via Nickel Plate Road. To points West, Northwest and Southwest. RECENT DEATHS.

IKENBURG. Adam Ikenburg died at his home on German Hill, Kingsley township, at 4:00 a. m., Wednesday, Sept. 29, 1909, of cancer, after an illness of four years. Mr. Ikenburg was a son of William and Mary Ikenburg, and was born near Tionesta, July 26, 1864, and all of his life was spent in this vicinity. He was a hard-working, industrious citizen, and bore the respect of his neighbors, who sympathize deeply with the family in their affliction. October 2, 1892, he was united in marriage with Miss Susannah Bly, who survives him, together with a daughter and son, Marjory and Bert, at home. He is also survived by his mother, aged 72 years, three brothers and five sisters, namely: Mrs. S. J. Setley, of Tionesta; Mrs. W. S. Setley, of Ross Run, Pa.; Mrs. E. L. Dewoody, of Goltzva, Pa.; Sylvester Ikenburg, of Valencia, Pa.; William Ikenburg, of California; Mrs. Henry Youngk, of Tylersburg, Pa.; Mrs. A. Egbert, of Gresham, Pa., and Harry Ikenburg, of West Etna, Pa. Funeral services were held at the Zuendel Evangelical church, Friday, at 10:00 o'clock a. m., conducted by Rev. W. O. Calhoun, and the remains were interred in the Zuendel cemetery. LOVJOY. Asa Z. Lovjoy was born near Spartansburg, Pa., June 15, 1843, and died of hemorrhage of the bowels, at his home at Cobham, Pa., Oct. 2, 1909. The opportunities of his early life were, to secure an education, above the average for those days, his father being the first superintendent of public schools of Crawford county. Life on the farm was not to his liking, and being a natural mechanic he soon found a position with the Oil Creek Railroad, and for several years was an engineer on a passenger train, also running on the River Division of this road. He came to Tionesta in 1881, for years following the vocation of stationary engineer, being employed for some time by Geo. W. Dithridge, who operated a large mill on the west bank of Tionesta creek. On July 3, 1883, he was united in marriage to Anna May Wentworth, who with their daughter, Mrs. R. R. Noblit, of Meadville survive him, also a sister, Mrs. Chas. Warden, of Cobham. Shortly after their marriage he united with the M. E. church, under the pastorate of Rev. F. M. Small, remaining a consistent member until his death. About a year ago he purchased a small farm at Cobham, where he died as mentioned above. Mr. Lovjoy was a good citizen, one who enjoyed the respect of all who knew him. The body was brought to Tionesta on the 11 o'clock train Monday forenoon and funeral services were conducted at the M. E. church by his pastor, Rev. W. O. Calhoun, assisted by Rev. E. L. Monroe. The interment followed in Riverside Cemetery.

Resolutions of Respect. At a meeting of the Woman's Relief Corps, the following resolutions were unanimously adopted: Whereas, Our Heavenly Father has in His wisdom called home our esteemed and honored friend and comrade, Capt. Daniel Stow Knox, and while we submit to His most holy will, therefore be it resolved, First, That in his death the members of Capt. Geo. Stow Woman's Relief Corps, No. 137, feel that they have sustained a personal loss. Second, That as the principal organizer of Corps No. 137, he never lost interest in it, and the members always found in him a good adviser and wise counselor. Third, That each member is debtor to the help and inspiration she received from this brave soldier and wise friend. Fourth, That a copy of these resolutions be sent to the sorrowing family as an expression of the heartfelt sympathy of the Woman's Relief Corps; also that they be spread upon the minutes of the Corps, and published in our county papers. SUZIE H. MAY SHARPE, JENNIE E. AGNEW, Committee.

HUSBAND AND SON ARRESTED

Woman's Body Found Frightfully Mangled at Bottom of a Cliff. Birchey Cove, N. F., Oct. 5.—Charged with having murdered Mrs. Jane Collier and thrown her body from the top of a high cliff, the woman's husband, Solomon Collier, and her son, John Collier, were arrested at their home at Portauport Bar. The woman's body was found yesterday at the bottom of the cliff, frightfully mangled. At first it was thought she had committed suicide by jumping from the edge of the precipice, but a later investigation led the authorities to suspect the husband and son. The authorities alleged that the woman, who was 50 years old, had been cruelly treated by her husband and son for several years past. The two men were taken to St. Johns for trial.

Monarch Clothing Co.

Men's & Boys' Clothing. The young man of today wants good snappy clothing. He wants the newest things out and he wants it to look good, wear good and made good. He wants it at a moderate price, too; the extravagant young man don't look at these things, he sees the high price on the suit and takes it; the latter young man is not a self-made man, he works for the storekeeper who eventually grows rich on his duplicity and his clothes never look as good as the self-made man who wants the best clothes for the least money. We cater to men who want good clothes at moderate prices. High prices for fine clothes are a thing of the past and we are the store who inaugurated the era of popular prices in this section. Do not be misled by high prices; every store is anxious for business and knows what the young man wants; while high rent and high ideas make high prices they do not make the clothing any higher in quality. You will get the right price from us and the hundreds of young men buying suits from us daily will tell you the same story. New Young Men's Suits, now ready. New Hats for Fall, now ready. What One Man Did by putting his money in a bank paying 4% interest, compounded semi-annually. In the Saturday Evening Post of June 12-09, the following interesting item appeared. 'In 1861 a man went into a Cleveland bank and deposited \$130, following with subsequent deposits that soon ran up a balance of \$474. Then he drew out \$450, leaving only \$24 in the bank. A little later he came back again and deposited \$391, making a balance to his credit of \$418. From that time on he never put another dollar in the bank. The old passbook shows nothing but a record of withdrawals. Yet up to 1902, thirty years after making his final deposit, this man had drawn from the bank \$573, in addition to which he had a balance there of \$1500. How much is your money earning for you to-day? This bank pays 4% interest compounded every six months.
